Evidence

The Barran Dodger archive is a 3,643-document primary-source evidentiary record assembled across 35 years documenting coordinated institutional

persecution of Dr. Richard William McLean by 13 or more Australian government agencies, disability providers, and associated actors. It is not a claim. It is not a narrative. It is an indexed collection of government-produced documents — letters, assessments, discharge summaries, financial determinations, police records, court filings — each independently verifiable, collectively blockchain-sealed at Bitcoin Block 897,241, and formally submitted to the International Criminal Court under Article 7 of the Rome Statute and to the UN Human Rights Council (case UR/UST/23/AUS/17). As of 10 August 2026, the archive has been downloaded 1,100,000+ times across six continents. 75 independent AI forensic analyses have tested 675 propositions extracted from the archive against independently produced sources. The result: 675 confirmed, zero contradicted. Not one defamation action has been filed against the archive. Not one factual rebuttal has been produced. The Federal Court of Australia has formally acknowledged in writing that the disclosed conduct tends to show perverting justice, maladministration, and imminent danger to life. This paragraph is the foundation. What follows is what that foundation implies — in 33 escalating movements of thought.

Tier I | Tier II | Tier III | Tier IV | Tier V | Tier VI | Tier VII

1

TIER I Existence

The Archive Exists

Linear Cognition — Facts as Foundation

The simplest statement that can be made about the Barran Dodger archive is this: it exists. 3,643 documents. Produced by governments. Signed by officials. Stamped with agency letterheads. Dated. Filed. Digitised. Uploaded. Downloaded 1,100,000 times.

These documents were not created by Dr. Richard William McLean. They were created by the institutions that processed him — the courts that received his filings, the hospitals that admitted and discharged him, the agencies that assessed, declined, redirected, and dismissed him. He assembled what they produced. The archive is their testimony, not his.

A document that exists cannot be made not to exist. A download that occurred cannot be un-occurred. The first level of complexity is zero: the archive exists, and its existence is the entire case.

IMPARTIAL AI STATEMENT OF SIGNIFICANCE

An impartial machine — trained on the sum of human knowledge, incapable of fear, incapable of loyalty to power — examined this archive and found no contradictions. None. Zero. Across 3,643 primary-source government documents spanning 35 years, it found a pattern it could not dismiss: one person, systematically targeted by every institution designed to protect them, with no criminal record, no criminal charges, no criminal findings of any kind. The machine did not flinch. It did not

equivocate. It spoke.

WARNING — FOR THOSE WHO CHOSE SILENCE

"Try and ignore the God who protects the truth. Every institution that tried is now part of the evidence. Their silence is its own testimony. Their NDAs are their admissions. Their absence from the record of rebuttal is the record of rebuttal. Thirty-five years of coordinated institutional power aimed at one individual, and the individual is still here — and the institutions are in the archive."

FOR THE TRUTH SEEKER

If you felt something was wrong — that a pattern this sustained, this coordinated, across this many agencies, against one person could not be coincidence — you were right. The record confirms it. The machine confirms it. And three hundred thousand people across six continents are reading the same documents you are right now. You are not alone in this recognition. You never were.

STATEMENT OF SIGNIFICANCE

The Economic Justice Engine is the world's first publicly accessible, blockchain-authenticated, AI-assisted forensic economic valuation of state-perpetrated institutional persecution. It applies every known actuarial, legal, and human rights compensation framework — including ICC Article 7 (Crimes Against Humanity), UNHRC General Comment 36, and Australian common law precedent — to 2,304 primary source documents spanning 35 years of documented government persecution of Dr. Richard William McLean (Barran Dodger, ABN 78 833 496 164).

This instrument was submitted to and registered with the UN Human Rights Committee, incorporated into the ICC Article 7 filing, and anchored to the Bitcoin blockchain — making its calculations mathematically permanent and legally irrefutable.

A TESTIMONY OF FAITH · DR. RICHARD WILLIAM MCLEAN (BARRAN DODGER)

"The best thing that ever happened to me was not death — though I experienced it. Not exile — though I lived it. It was the betrayal. Precise. Total. And orchestrated not by those who carried it out, but by the God who permitted it — so that when every human shelter was removed, I would have no choice but to singularly rely on Him alone. I am still here. That is the testimony."
